Was Nearly Asphyxiated.

The family of Nicholas White came near being smothered with coal gas last week, and it was by mere chance that they all escaped without injury. Mrs. White awoke during the night with a severe headache and she awoke her daughter, and the girl started down stairs to secure some simple remedy for her mother, but when she got to the lower story of the home she was overcome and fell to the floor. Mrs. White then went downstairs and the gas also overcame her so that she was unable to stand, but she retained her senses

and called for help. One of the younger children responded but was overcome before anything could be done, as was the case with the other two children. Mrs. White finally managed to get to the door and called for help, and a physician was summoned and with proper care the family recovered from the effects of the gas without injury. Mr. White was away from home at the time, being employed in doing some work at Bancroft, and he was naturally considerably concerned when he heard of the matter.

Bound Over to Circuit Court.

Roy Springer, the insurance agent, who was arrested at Wautoma several weeks ago on the charge of forgery, had his hearing on Thursday and was bound over to the spring term of court. His bail was fixed at \$500 which he was unable to raise and he is now confined in the county jail at Wautoma.

Mrs. J. D. Witter and daughter, who left last week for the south, are coming to make a trip thru Old Mexico before their return.

On Sunday morning the services will be held in the Scandinavian language. No services will be held in the evening but the congregation will worship in the German church.

On Sunday afternoon services will be held in the Radolph church in both languages.

NEVER TOUCHED US

Indications That Sale of the Wisconsin Central Will Not Affect Line in this City

Ever since the Marshfield and Southern line was purchased by the Wisconsin Central line some years ago, there have been persistent rumors to the effect that the Wisconsin Central intended to use the branch from Marshfield here as a part of a cut-off to shorten the line between Minneapolis and Chicago. Several surveys have been made, supposedly for the purpose of building the line, but none of them have materialized.

Now the Wisconsin Central Road has been purchased by the Canadian Pacific, the deal having come thru last Friday. It is reported and the talk now is that the Canadian Pacific is going to use the Wisconsin Central as their Milwaukee and Chicago outlet, but that the line will be shortened. The following is from the Milwaukee News on the subject:

"Six million dollars will be expended by the Canadian Pacific railway in the construction of a new Wisconsin Central cut-off line on the route between Minneapolis and St. Paul and Chicago."

This announcement, made authoritatively today, is the first concerning plans for the improvement of the Wisconsin Central property acquired Friday by the Soo and Canadian Pacific interests. It is intended to make the new line of the Wisconsin Central one of the shortest between the Twin cities and Chicago, instead of the longest, as it is at present.

The construction of the proposed cut-off will be one of the most important railway projects to be undertaken in Wisconsin in the approaching summer. The line will be an extension of the Stevens Point-Portage division to a point on the present Chicago line probably striking the old main line at Burlington. In Racine county, and will be about 140 miles long.

Surveys for the new road have been made. They cut for a line extending from Portage, in Columbia county, in a southeasterly direction across the northern corner of Dane county, touching Dodge county at the southwestern corner, passing diagonally across Jefferson county southeast and northwest, cutting the northeast corner of Walworth county and into Racine county. At Burlington it will encounter the present main line of the Wisconsin Central.

From the above it will be seen that we will only be on a branch of the new line the same as we have been, and while we are not suffering for railroad facilities, and probably never will, we would like to not our share of the six million that the company contemplates spending on the proposition during the coming summer.

Death of Wm. H. Cochran.

Wm. H. Cochran, one of the old residents of this city, died at his home on the east side on Friday evening at about 8:30 o'clock from heart trouble. Mr. Cochran has been a sufferer from the trouble for the past six or seven years, at times being quite low, and at others feeling better, but during nearly the entire time he has been able to be about the house, and whenever the weather was favorable, was about the city. On the day of his death he was about the house as usual and during the evening he went to the basement and did some work about the furnace. Nothing was thought of this as he had been in the habit of taking a moderate amount of exercise whenever it was possible for him to do so. The exercise must have been too violent, however, as when he returned he was suffering considerably, and had difficulty in breathing. Notwithstanding that everything possible was done for him he passed away about 8:30 o'clock.

Deceased was born on the 25th of January, 1843, at Otto, New York, and was consequently in his 66th year. In 1861 he enlisted in the 34th New York volunteers, and during his service took part in several battles, being wounded at the battle of Fredericksburg.

Mr. Cochran came to Grand Rapids in 1897, some forty-one years ago, and during that time has been pretty intimately identified with the interests of the city. For thirteen years he was cashier of the First National bank, after which he engaged in lumbering, having operated a sawmill east of Rudolph for a number of years. Mr. Cochran always took a great deal of interest in mechanical matters, and for a number of years lived at Ironwood, Mich., where he had charge of the electric plant of that city. He returned to this city in 1897 and was subsequently appointed postmaster of the Centralia office, which position he held to the end of his term in 1901. It was soon after this time that his health began to fail, and notwithstanding the fact that he had been a great sufferer much of the time, he made very little complaint and made the best of his condition at all times. Mr. Cochran was a Mason, a member of the Odd Fellows Lodge and a member of the G. A. R.

He is survived by his wife and one daughter, Mrs. Beulah Biron, one brother, J. W. Cochran of this city and two sisters, Mrs. George Dewey of Elkhart, Ind., and Mrs. Anna Shulerland of Otto, New York.

The funeral was held on Monday afternoon from the home on Fifth street, the funeral service being preached by Rev. Richard Evans of the Methodist church, while the Masonic order had charge of the services at the grave.

Mrs. Gus Otto was called to Bancroft this noon by the serious illness of Mrs. H. A. Steel.

The Everist Cathell Lecture.

The date on which J. Everist Cathell will lecture in this city has not been definitely settled as yet, but it is expected that it will be sometime during the first week in February. Mr. Cathell is highly spoken of as a lecturer, and there is no doubt that our people will receive a treat when he comes. Mr. Cathell comes here under the auspices of the Federated clubs and he will lecture on the subject of Lincoln. Following is an opinion concerning Mr. Cathell's ability:

Edward R. Meek, U. S. District Judge, Dallas, Texas—1 have learned that Dr. J. Everist Cathell is to give the lecture, platform. This is good news. He should belong to the American public rather than to a single parish or diocese. He is a man of rare intellectual power, of catholic spirit and liberal sympathies. It has been my good fortune to hear many of the most gifted men in the American Church. In profundity of style and eloquence of delivery, Dr. Cathell ranks with the first of them. He is mature in his power, and his treatment of subjects reveals research and reflection brought to happy fruition. I hope Texas, and the South, may have the good fortune to hear him.

Death of W. F. Sydow.

W. F. Sydow, a farmer who resided in the southwestern part of the city just inside of the city limits, died on Sunday last from the effects of an attack of pneumonia which he had suffered from for about a week. Deceased was 44 years of age and was born at Watertown, this state, and has made his home in this city since 1893.

He is survived by his wife and four children, who have the sympathy of a large number of friends in their affliction.

The funeral occurs today from the First Moravian Church, Rev. Mellick conducting the services.

TELEPHONE MEETING

Annual Session of Local Company Causes Very Little Interest to the Public

The annual meeting of the stockholders of the West County Telephone company was held at the City hall on Monday evening. The attendance at the meeting was very light, but the regular yearly business was attended to. This consisted of the reading of the financial statement of the past year. This showed that the company had reduced its indebtedness by something over two thousand dollars. This was considered a fairly good showing considering the condition of the company.

During the past year very little reconstruction work has been done by the company, all of the surplus income having been used in paying off debts of the company. Some work will be done the coming summer, however, as about \$2800 worth of cable has been ordered for work on the west side. When this work is done the lead wire running down the river bank will be entirely removed and the lines will be conveyed in cables down Third Avenue. This will not only improve the appearance of things, but will also improve the service very materially. Cables are badly needed in other parts of the city where the service is now very poor after the lights are on in the evening, but it is doubtful if they can all be cleared up the coming season.

At the election, held after the report, the same board of directors was elected for the ensuing year, they being John E. Daly, Geo. W. Davis, W. A. Drumb, H. E. Fitch and Mr. H. Jackson. The directors met after the stockholders meeting and elected the same officers for the coming year.

Humane Society Meeting.

The annual meeting of the Grand Rapids Humane Society, which was to have been held on the 12th instant, failed to materialize on account of the small attendance. It is hoped, however, that enough interest will be taken by the members so that a meeting can be held for the transaction of business, and in order to accomplish this another meeting will be held on Saturday evening, the 20th instant, at the office of George L. Williams. Members are requested to be present.

Will Present a Drama.

The Elks at their last meeting decided to present a home talent drama to the people in the near future, their selection having fallen on "The Turn of the Tide," which is quite an entertaining production, with plenty of fun and pathos, with a sprinkling of tragedy. A more detailed account of the affair with cast of characters will be given later.

Otto Osman of Stevens Point spent Sunday with friends in the city.

Bart Bassett.

F. H. Bassett of Grand Rapids, Wis., and Miss Leon H. Bart of New Hampton were married Sunday evening, Dec. 27, 1908, at 8 o'clock at the home of the bride's parents, Mr. and Mrs. Louis Bartz, Rev. G. F. Erickson of the Lutheran church officiating.

The bride was beautifully dressed in white. After the ceremony a wedding supper was served to a few relatives and the evening pleasantly spent. The couple left Tuesday morning for Minneapolis where they will reside and where the groom is engaged in the barber business.

The bride has grown to womanhood here and the Tellane union with their many friends in extending the heartfelt congratulations and wishing them a long and happy wedded life.—New Hampton Tribune, New Hampton, Iowa.

Many little lives have been saved by Foley's Honey and Tar, for coughs, colds, croup and whooping cough. It is the only safe remedy for infants and children as it contains no opiates or other narcotic drugs, and children like Foley's Honey and Tar. Careful mothers keep a bottle in the house.

NEKOOSA.
(From the Times.)
The Nekoosa Baseball association is busily making arrangements for the liveliest kind of a season here this year. Already several first class players have been secured and the secretary is in communication with others. There is no scarcity of home talent and local boys will be given the same opportunity as the outside players in the try out for positions and in every way it is the desire to give those who played in the team last year a chance to play again this year according to their ability to make good. Among the outsiders are Art Post who played with Grand Rapids and afterwards in the Lake shore league, W. H. Thompson who played in the Fargo team of the Northern league and Geo. Smith who played a game or two with the Nekoosa team last year. The first two mentioned are experienced players. Mr. Post's place being behind the batter while Mr. Thompson is an expert on third base.

Miss Myrtle Boyles, daughter of Mr. and Mrs. Oliver Boyles, passed away at the home of her parents in this city last Tuesday night at about eleven o'clock, pulmonary consumption being the cause of her demise. She was 25 years old and had resided at Indianapolis for about seven years and came home December first at which time it was known that she could not long survive the ravages of the dreaded disease.

The auction sale at the Grand View hotel yesterday afternoon was attended by a fair sized crowd and the result was entirely satisfactory to the proprietor, T. S. Cahill. Auctioneer J. H. Koehler sold practically everything listed at good prices.

There is no case on record of a cough, cold or gripe developing into pneumonia after Foley's Honey and Tar has been taken, as it cures the most obstinate deep seated coughs and colds. Why take anything else, Daily Drug & Jewelry Co. and Johnson & Hill Co.

BLENKER.
Miss Hannah Brandt of Marshfield was a guest of Miss Lizzie Blenker few days last week.

Last Monday, Rev. W. Altman of Atchinson, Kansas, conducted the funeral services of his mother here. She is survived by one daughter and five sons, they being Mrs. Casper Aschenbrenner of Stratford, Frank of Fond du Lac, John and Charlie of Milwaukee, Louis of Chippewa Falls and Rev. W. Altman of Atchinson, Kansas. All were present at the funeral.

The marriage of Louis Aschenbrenner of this place and Miss Wenzel of Stratford took place at Stratford last Tuesday. We wish the young couple many happy days of wedded life.

Everybody is busy putting up their supply of ice.

Adolph Kolshopor, who spent the holidays at home left for Arbor Vitae.

Mrs. J. Blenker and daughter Elizabeth were guests at the J. G. Kieffer home at Abundance Sunday.

We have at last solved the question. Since January 1st the young ladies of this vicinity are seen with bright faces and happy smiles. We have come to the conclusion that it is due to the fact that leap year is over.

The Pure Food Law.
Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Daily Drug & Jewelry Co.

Fever Sores.
Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Daily Drug & Jewelry Co.

An Exciting Chase.

The following item from the Marshfield News tells of an experience had by J. T. Welch recently while scouring a crazy man at Ashland:

"One of the last official duties of Sheriff Welch of Wood county was the conveyance of a patient to the Northern hospital for the insane at Oshkosh. The father of the boy telephoned the sheriff to come and take charge of his son as they could no longer control him. On arriving there Mr. Welch learned that the young man had made his escape down the front in two minute start. Several inches of snow covered the ground and the day was cold. Whipping up his horses the officer started in pursuit. Eighty rods away he came upon his overcoat lying in the road and a little further on his coat and vest and as he proceeded he picked up every article of clothing worn by the young man even to his shoes and stockings. In the distance he saw the object of his pursuit keeping to the road and going in the direction of Milladore frightened like a fawn, stark naked. A race was on and when the sheriff finally overtook him he dove into the snow at the side of the road as if to hide from sight. As all of his clothing had been picked up he was made to put them on again and was taken to Grand Rapids and placed in a cell until the next day. Mr. Welch had but little trouble in conveying him to Oshkosh but no sooner had he been turned over to the guards than he poked one in the jaw with such force as to render him insensible."

Abstracts of Title

Few people know or understand the value of an Abstract of Title. An abstract of title is a complete history of the title to any particular piece of property from the time the land was owned by the government down through all the different ownerships to the present. It shows whether any mistakes exist in the title. To have an abstract does not make your title good, but it shows whether the title is good or bad. No person should buy any land or loan money on the same without having an abstract of title furnished, because mistakes may exist in the title which may later cost the purchaser or loaner hundreds of dollars to correct.

I have had seven years experience in making abstracts for the leading real estate firms and others in Wood county. Let me get out an abstract of title to your property when you want prompt and efficient service.

- What You Don't See -

The parts of a shoe that you don't see are generally the most important to your comfort and to the life of the shoe. The cork cushion insoles in Treadway shoes are not visible but you know they are there, giving a soft even pressure on every part of the sole and conforming to the exact shape of the bottom of the foot. You might not notice from their looks that the rubber heels were different from the hard leather heels you have been used to; but once on the foot you find there is not the usual jar at every step and you are less tired at night.

FATAL HOTEL FIRE

ISAAC E. LAMBERT PERISHES AT TOPEKA, KAN.

FOURTEEN ARE INJURED

Copeland Hotel, One of the Oldest in Kansas, Is Utterly Ruined by the Flames.

Topeka, Kan.—With walls blackened by smoke, bulging to the danger point and threatening to cave in at any time on an interior of utter ruin, all that remains of the Copeland hotel, the rallying point of the Republican party for Kansas for years, is a mere hulk of a building, the result of a fire Thursday.

The body of Isaac E. Lambert, ex-United States district attorney for Kansas, was found in the ruins Thursday night with the head, arms and legs burned off. The body was found in the southeast corner of the building. Lambert's room was on the fourth floor directly above. Fourteen of the guests were more or less seriously hurt.

Hotel a Complete Loss. The hotel is a complete loss, estimated at \$120,000. Insurance was carried on the amount of \$100,000. The building was not burned out. But inside is complete ruin, all four of the floors have caved in. An attempt was made last night to wreck the walls with a stream of water, but it proved fruitless.

Word was received from White City, N. M., that Dredgill and his son, who were in the hotel during the fire and who had not been accounted for all day, were at home there safe.

Injured Will All Recover. None of the injured is considered in a dangerous condition. A. W. Smith of Melbourne, who was the most seriously injured, is considered out of immediate danger. Dr. Koth, corner, says his recovery is probable, unless he received some injuries not known.

The seriously injured were cared for at local hospitals. The Topeka Y. M. C. A. building, across the street from the hotel, was used as a temporary home for the refugees from the fire, many of whom waded, scantily clad and in their bare feet, through four inches of snow.

The firemen were busy all day fighting the fire. At short intervals the flames would burst out from the wreckage and it was thought the fire was completely extinguished.

Old, Four-Story Hotel. The Copeland hotel was of brick construction, four stories in height. It was situated at the corner of Sixth and Kansas, one block from the state capitol, and was one of the oldest hotels in Kansas. It had a roomy lobby and wide hallways, and was plentifully supplied with fire escapes.

The main stairway, however, was situated around the side of the building and the shaft soon went out of this means of escape. The fire started shortly after four o'clock in or near the kitchen, apparently from escaping gas. The flames had gained great headway when discovered and when the fire apparatus arrived the rear stairway had been cut off as a means of escape.

PUBLISHERS ARE CONVICTED. Hearst Men Found Guilty of Libelling J. D. Rockefeller, Jr.

New York.—On the ground that the publication of their names as the responsible heads of the Star Publishing Company, which publishes William H. Hearst's New York American, made them personally liable for libelous matter appearing in that newspaper, Magistrate Moss Tuesday found S. S. Carvalho, Bradford Merrill and Edward S. Clark guilty of criminally libelling John D. Rockefeller, Jr., and technically committed them to the Tombs prison.

On motion that the defendants would apply for a writ of habeas corpus in order to test the validity of the law under which they had been sentenced, the magistrate allowed them to remain in the private reception room of the prison while the counsel, Clarence J. Sherrin, went before Justice Davis in the supreme court and obtained the writ.

Upon the granting of the writ, Messrs. Carvalho, Merrill and Clark were paroled in the custody of their counsel.

The unanimous manifestation of the American government and the American nation toward the humblest citizenry and misdeed in attempting to bribe former City Councilman William A. Martin in connection with the franchise to the Tube City railway, was found guilty as indicted Tuesday afternoon. The jury was out but 15 minutes.

Former Councilman W. A. Martin, who is serving a sentence in the Western Penitentiary for accepting a bribe, and C. R. Richardson, a broker, who is awaiting sentence for his part in the Tube City railway scandal, were the principal witnesses at the trial Tuesday.

A declaration by Martin that he was honest in selling his honor to Cameron and that he considered it very cheap at \$70,000 was the statement with which Martin concluded his testimony. When asked if he would not have had to distribute the money among some of his brother councilmen, Martin naively said that perhaps he could have fooled them as Cameron fooled him. He refused to mention any names, declaring he did not know how Cameron used the money.

Any hopes that the district attorney's office might have had that some information would be drawn from Martin which would be of assistance in the prosecution of the seven councilmen and two former bankers who were indicted by the grand jury in connection with the bribery and corruption, were shattered when Martin failed all efforts to make him involve or incriminate others.

Richardson related the story of the letter from Cameron for the purpose of hoodwinking Martin.

T. J. HAINS SET FREE

FOUND NOT GUILTY OF MURDER IN KILLING OF ANNIS.

CROWD CHEERS VERDICT

Defendant, Overjoyed, Carries News to His Brother in Jail, Who Probably Never Will Be Tried.

Flushing, N. Y.—After reviewing the evidence for 22 hours and taking 15 ballots before all were agreed, the jury in the trial of Thornton Jenkins Hains Friday afternoon found the prisoner not guilty as a principal with his brother, Capt. Peter C. Hains, Jr., in the killing of William L. Annis. As for the second time in his life Thornton Hains has been found not guilty of the charge of murder, he having been acquitted of murder in shooting a companion named Edward W. Hannigan in an open boat in Hampton roads 17 years ago.

Thornton Hains had an affecting greeting with Capt. Hains in the Long Island jail, where he hurried in a motor car after the verdict to bring his brother the news. Old Gen. Hains and his wife, who had been anxiously waiting to learn the verdict in the Hotel Astor, in Manhattan, since the jury went out at five o'clock Thursday night, heard the news from their son, as he left the courtroom. Mrs. Hains nearly fainted from joy at the news.

Rarely in any court of law has such a demonstration been witnessed as that which occurred when the jury made known its verdict, which came like a thunderbolt. The packed courtroom of spectators rose as one man and cheered and applauded with such mighty vigor that the gavel falls of Justice Crane on his desk could not be heard.

Officials of the district attorney's office in Queens county are quoted as saying that the verdict in this case probably means that Capt. Hains will never be brought to trial and that he will be surrendered into the care of his family or the federal government.

"Under this verdict it is perfectly safe for any person who is ingenious enough to frame up a defense to go out and kill. Private vengeance seems to have taken precedence over the people's law," was the only comment that Prosecutor Darrin had to make.

TEN KILLED IN COLLISION.

Terrible Accident on the Rio Grande at Doteo, Col.

Glenwood Springs, Col.—In a collision between Denver & Rio Grande passenger train No. 5, west-bound, and east-bound freight train No. 66 at Doteo Friday night at least ten persons were killed and a number of others injured.

As soon as word reached here that a wreck had occurred, a train was made up and all available doctors and nurses in the city were pressed into service and hurried to the scene of the accident.

Meager details of the wreck are to the effect that the freight train was attempting to take a siding on orders to let the passenger train pass, but had only partially run off the main line when the passenger train came tearing along and crashed into it.

The chair car of the passenger was torn in two and one tourist car telescoped. The passenger train was well filled with passengers.

STRIKE OF HAT MAKERS BEGINS.

Quit Because Manufacturers Quit Use of the Union Label.

New York.—A general strike of hat makers, that may involve some 25,000 workers, was inaugurated in the hat manufacturing centers of the country Friday as the result of a decision of the Associated Hat Manufacturers to discontinue the use of the union label in the factories represented in the association.

Reports from various places received here Friday night indicate that the hat makers in this vicinity, including those in the factories of New York, New Jersey and Connecticut, have generally obeyed the order to strike. There were no signs of disorder anywhere, the hat makers peacefully retiring from the factories when the order to quit work was received.

As for the second time in his life Thornton Hains has been found not guilty of the charge of murder, he having been acquitted of murder in shooting a companion named Edward W. Hannigan in an open boat in Hampton roads 17 years ago.

Thornton Hains had an affecting greeting with Capt. Hains in the Long Island jail, where he hurried in a motor car after the verdict to bring his brother the news. Old Gen. Hains and his wife, who had been anxiously waiting to learn the verdict in the Hotel Astor, in Manhattan, since the jury went out at five o'clock Thursday night, heard the news from their son, as he left the courtroom. Mrs. Hains nearly fainted from joy at the news.

Rarely in any court of law has such a demonstration been witnessed as that which occurred when the jury made known its verdict, which came like a thunderbolt. The packed courtroom of spectators rose as one man and cheered and applauded with such mighty vigor that the gavel falls of Justice Crane on his desk could not be heard.

Officials of the district attorney's office in Queens county are quoted as saying that the verdict in this case probably means that Capt. Hains will never be brought to trial and that he will be surrendered into the care of his family or the federal government.

"Under this verdict it is perfectly safe for any person who is ingenious enough to frame up a defense to go out and kill. Private vengeance seems to have taken precedence over the people's law," was the only comment that Prosecutor Darrin had to make.

Muskegon News:—Friends of W. J. Conway in this city are circulating nomination papers in his behalf for reelection as county judge, the election to take place at the spring election. Mr. Conway has made a splendid official and the News has yet to hear the first criticism as regards the manner in which he has conducted that important office. His attention to the office and the able manner in which he has attended his duties makes him a strong candidate with the people. Even tho he should have opposition for the place, which is doubtful, it is believed he will possibly succeed himself.
